

Using AI Well for Homework and Revision

Helping your child use AI to support learning

1 Helpful Uses

- Ask for an explanation of a topic.
- Create flashcards, quizzes or revision questions.
- Improve a plan or structure for extended writing.
- Check understanding after completing work independently.

2 Avoid This

- Copying AI answers straight into homework.
- Using AI to complete assessed work dishonestly.
- Accepting every answer as correct.
- Letting AI do all of the thinking.

3 Questions Parents Can Ask

- Can you explain that in your own words?
- What part did you do yourself?
- How do you know the AI answer is accurate?
- What did you learn from using it?

4 Golden Rule

- Use AI to support thinking, not replace it.
- Check facts carefully.
- Keep learning active and honest.

The best use of AI helps children understand more, not think less.
